

Kiss and Control

AFI

Watch the stars
Turn you to nothing
Now blush and smile
as they whisk you away
Part your lips a bit more,
I'll swallow your fear.
I will show you how
All the bite marks impress
A need to be here
I need to see
City lights, like rain
Dance and explode
Fall upon debutantes,
Reeling from nights that
Kiss and control
All of our
Broken hearts
Velvet burns
Wrists while restraining.
You blushed and smiled
And said you would stay.
One more time steal my breath
I'll feed you the sky.
I will show you how
Steal the glamour from death,
And before you die
Oh, you should see
City lights, like rain
Dance and explode
Fall upon debutantes
Reeling from nights that
Kiss and control
All of our
Broken hearts
Our hearts,
Our hearts
"We all want to die like movie stars,"
You said
As you jumped from the height
of our cutting room floor.
While above us
Glowing, exploding,
Our dreams
Burst forth in light and death.
Hold me and tell me,
"We'll burn like stars,
We'll burn as we fall."
Watch as city lights dance for us.
City lights, like rain
Dance and explode

Fall upon the pain of our lives
As they
Kiss and control.
Fall upon the pain of our lives
As they
Dance and explode. City lights, like rain,
City lights so caress me
Kiss and control
All of our
Broken hearts
