Gas Mask Days

Gravenhurst

So look forever downward
Hoping I might find lost time
She holds my hand forever
Upon these steps together,
what's hers is mine
I call to send her hand
Reaches out to touch my mind
Balance is a new black
Just can't seem to keep up with the times
You worked so hard for all this
And never seem to want whatever's mine
A covering of the mask
A step out from the dark
But I
oooh x 7
Hanging round the brick top
Doorway to your heart I think I changed
I'll put out all the fires
And let you save me through the silent age
Shadows are all we are
And like shadows to part - againoooh x 7
