

Ye Yo

Erykah Badu

Ye yo, ye yo, ye yo, ye yo
Help me
Ye yo, ye yo, ye yo, ye yo Sometimes, sometimes I get so lonely, lonely, lonely
I feel all by myself up here
That's when I take a minute to re evaluate
All of the things I think are special, yeah Ooh, like when you wake up in the morning
And you see the morning sun
And you need to know the world is on your side
Who do you run to? Who can you turn to? Come on Then the evening comes to greet you
You need someone to hold you close
And you feel the need to rest your aching mind
Who can you run to? Who can you turn to? Well, see the sun's in the east and the moon reflects
Like the knowledge and wisdom, I manifest
If you wanna go to Heaven lay up on my breast
I'm ye ye, you're ye ye I say the sun's in the east and the moon reflects
Like the knowledge and wisdom, I manifest
If you wanna go to Heaven lay up on my breast
I'm ye ye, you're ye ye ye ye Ye yo, ye yo, oh, ye yo, ye yo
Come on ya'll, ye yo, ye yo, ye yo, ye yo
Ye yo, ye yo And it makes me say oh
And it makes me say oh, oh, oh
And it makes me say ohh, ooh Ye yo, ye yo, ye yo
Ye yo, ye yo, ye yo
Ye yo, ye yo, ye yo
