

Keep Your Hands Off Her

Leadbelly

Keep your hands off, keep your hands off her
Keep your hands off her, keep your hands off her
Keep your hands off her, you know what I said
You know she don't belong to you She's a heavy-hipped mama, she's got the great big legs
She's a heavy-hipped mama, she's got the great big legs
She's a heavy-hipped mama, she's got the great big legs
Walking like she walkin' on soft boiled eggs Keep your hands off, keep your hands off her
Keep your hands off her, keep your hands off her
Keep your hands off her, you know what I said
You know she don't belong to you Her name is Josie and she ain't so nosey
Her name is Josie and she ain't so nosey
Her name is Josie and she ain't so nosey
But boy, she sure is cosey Keep your hands off, keep your hands off her
Keep your hands off her, keep your hands off her
Keep your hands off her, you know what I said
You know she don't belong to you She's a heavy-hipped mama and she's built up straight
She's a heavy-hipped mama and she's built up straight
She's a heavy-hipped mama and she's built up straight
She's got just what it takes Keep your hands off, keep your hands off her
Keep your hands off her, keep your hands off her
Keep your hands off her, you know what I said
You know she don't belong to you
