

Now Is Here

Clannad

With the sun light through
Departed into darkness
I need someone too
The fantasy and you Now is here, here is now
Na, na, na, na
You inspire, peace and heart
Na, na, na, na With the words like air
The destiny we share
Is a dream come true
The fantasy and you Now is here, here is now
Na, na, na, na
You inspire, peace and heart
Na, na, na, na
