

# Sky High Standard

## Never Shout Never

I don't know how to put this right  
Except we're screaming at the stoplight now  
And I cant breathe  
WhoaI got the notion through all this commotion  
That I was in the wrong  
Through trial and error  
I found myself putting on things I hateIf I had a dime for every apology,  
That was never said I'd be a rich manWhere do we go when no ones home?  
Where do we run when I'm alone, alone?  
Were do I hide when I'm afraid  
Afraid the world is gonna change  
Without me?I stratagize playing tic-tac-toe  
And dominoes  
Anything to get me through the dayI stratagize playing tic-tac-toe  
And dominoes  
Anything to get me through the dayThis is me trying to live my life  
With your standards, your god-awful standards  
They wear me down  
WhoaWhere do we go when no ones home?  
Where do we run with I'm alone, alone?  
Were do I hide when I'm afraid  
Afraid the world is gonna change  
Without me?Where do we go when no ones home?  
Where do we run with I'm alone, alone?  
Were do I hide when I'm afraid  
Afraid the world is gonna change  
Without me?
