How Not To

Dan + Shay

I can honestly understand why it's over
I can go through the motions of walking away
I can give you the key and take my things back
I can find plenty of things to fill my daysBut I don't know how not to
Think about you
When it's late at night and quiet
And I know that I ought to be the one who
Is strong and just moves on
But I'd probably turn down your road
Knock, knock on your door
Fall back in your arms
Wake up in the morning
Hatin' myself and the way that I can't help
The way I still want you
I just don't know how not to
How not to
How not to
I just don't know how not to
How not to
How not toYou're like second nature, baby, you're just like breathing
The melody that you hear and you can't forget
Time goes by and I still need you
Yeah, you're worth the heartbreak and the regretBut I don't know how not to
Think about you
When it's late at night and quiet
And I know that I ought to be the one who
Is strong and just moves on
But I'd probably turn down your road
Knock, knock on your door
Fall back in your arms
Wake up in the morning
Hatin' myself and the way that I can't help
The way I still want you
I just don't know how not to
How not to
How not to
I just don't know how not to
How not to
How not to
