In This Scene You're Just An Extra

Search The City

The hard times are getting harder
It's colder where you are
You wonder, would it kill me to call?I've already made you too many promises
I never meant to keep
But that's just a side of me I wish you never had to seeI took a shot in the dark
But I came up short
I swear to God this time it's gonna hurtCan we pretend that it never even happened?
I will sing myself to sleep
'Cause you've made a liar out of meCan we pretend that it never even happened?
I will sing myself to sleep
'Cause you've made a liar out of meI watch my shadow stretch from my feet
Like the way we stretch the truth
I wish I could play the victim for youI just needed room to breathe
My world collapsed on me
And I miss screaming off rooftops in New York CityI took a shot in the dark
But I came up short
And I swear to God this time it's gonna hurtCan we pretend that it never even happened?
I will sing myself to sleep
'Cause you've made a liar out of meCan we pretend that it never even happened?
I will sing myself to sleep
'Cause you've made a liar out of meThis isn't my confession
But I'm coming clean
I knew it was just a matter of time
Before this all would catch up with meCan we pretend that it never even happened?
I will sing myself to sleep
'Cause you've made a liar out of meCan we pretend that it never even happened?
I will sing myself to sleep
'Cause you've made a liar out of meCan we pretend?
'Cause you've made a liar out of me?Can we pretend that it never even happened?
I will sing myself to sleep
'Cause you've made a liar out of me
