

Guilt Trip

PUP

How many times have you lied to my face?
I can't confront you, it's better that way
How many bulbs must I break
'till all my filaments rust and decay? And I can't explain
Anything
Anymore
Anyway Now that you're gone
I'll be back on my own
Giving it all up to leave you alone
If I had my choice
I would come back soon
I never wanted to...
How many times have I lied to you?
If I was drunk when I said it,
it might have been true I know Now that you're gone
I'll be back on my own
Giving it all up to leave you alone
If I had my choice
I would die by your love
I know it wasn't enough...(One, two, three, four, five, six...) Why would you speak if you don't
Know
Got a little bit of my self-righteous attitude
Oh
Now that you're gone
I'll be back on my own
Felt her up
Fucked around
Left her alone If I had it all
In the palm of my hand
Don't even ask 'cause you won't understand
