Make Heaven Wait

Wayne Brady

I see you smilin every day
Looking back at me like nothin ever changed
I swear I heard you call my name
But in reality its just your picture in a frameWhy am I here without you?
When there was so much left for us to do
How could the angels come so soon?If I could make heaven wait
Id find a way to ask God if He had
Made some mistake
If Hed save your wings for another day
If only I could make heaven waitAll your clothes are hanging up
Not a things been touched, I left it all the same
I wish that I could press rewind and go back in time
Just to see your face againCause I miss you, I need you
Im so alone without you here with me
You were the reason that I breatheIf I could make heaven wait
Id find a way to ask God if He had
Made some mistake
If Hed save your wings for another day
If only I could make heaven waitEvery night I search for your star in the sky
All those I would trade in my life
For a chance to say goodbyeMake heaven wait, make heaven wait
Make heaven waitMake heaven wait
Id find a way to ask God if He had
Made some mistake
If Hed save your wings for another dayIf I could make heaven wait
Id find a way to ask God if He had
Made some mistake
If Hed save your wings for another dayIf only I could make heaven wait
If I could, if I could make heaven wait
