The Chemical Brothers

I'm tellin' ya, I can not wait for this band to come on,
Because I've got a few left over here,
I'm gonna dance with their own shockin' feel and I'm a foul man
So Irvine, I'll bring it home, a one two
I'm gonna have another sound check,
And then we're sending for the Chemical Brothers
Y'all want the Chemical Brothers

Aik aik Chemical brothers,
They knew all about soul so I'm gonna show them Irvine
Are Irvine lookin' for the Chemical Brothers?
Aik aik, I like that

That's right, we gonna get the Chemical Brothers some funky music

We got the band comin' up here in two so
Hold on tight
Alright check this out!

[Repeat: x4]
Who is dis doin' this synthetic type of alpha beta psychedelic funkin'?
