

Romeo's Waiting

Billy Idol

Cocaine and innocence
And Romeo's waiting
Candies and sugar daddies
They never stop wasting your time
Time to dance to the top
With champagne indifference
And I sit salivating
If I could touch you there
Would you be liberated?
Ah yeah[Chorus:]I don't want to be
Another enemy
Even though you make me bleed
Like a KennedyNot when my body's so exciting
Sometimes you make me
So frustrated
How come it's me I end up hating?
Romeo's waiting
Romeo's waiting
Romeo's waiting
Romeo's waiting
And he don't want to lose tonightBlood on the dance floor
And Romeo's fainting
Showing pink and leather tonight
She's dancing with fear in her eyes
Zero's no hero
But in his mind
He's Lancelot the Knight
And if his lady calls
It'll be so good
'Cos she'll be liberatedTouch my body and it's so exciting
Sometimes you make me
So frustrated
How come it's me I end up hating?
Romeo's waiting
Romeo's waiting
Romeo's waitingAnd he don't want to lose tonightWell the senses overload
To an L.A. strobe
Yeah, now you got him
Sweating he's the

Rebel that you know
Said I love that thing
God, I love ya heave-ho
Now you got him sweating
He's the rebel that you know
The rebel that you know
The rebel that you know
The rebel that you know Sometimes you make me
So frustrated
How come it's me I end up hating?
Romeo's waiting Touch my body and it's so exciting
Romeo's waiting Touch my body and it's so exciting
Romeo's waiting
Romeo's waiting
Romeo's waiting now
