

# You Are Our Joy Christmas

Jekalyn Carr

You are our joy There is never a dull moment with You  
You've never failed to  
Show me what You can do  
and even if I fall  
Your love always catches me  
Your strength Lord  
is perfect when I am weak You always find a way to pick me up  
Reminding me You'll always be around  
You are our Joy  
When everything is going wrong  
You lift us up  
When we're surrounded by darkness  
You are our light  
You're the light unto our path  
When we are broken  
We find healing in You  
When we are in need  
You will always see us through  
You are our Joy There is never a dull moment with You  
You've never failed to  
Show me what You can do  
And even if I fall  
Your love always catches me  
Your strength Jesus  
is perfect when I am weak  
You always find a way to pick me up  
Reminding me You'll always be around You are our Joy  
When everything is going wrong  
You lift us up  
When we're surrounded by darkness  
You are our light  
You're the light unto our path  
When we are broken  
We find healing in You  
When we are in need  
You will always see us through (repeat) You are our Joy Jesus, Jesus (repeat) You are our Joy  
You lift us up  
You are our light  
You're the light unto our path

When we are broken  
We find healing in You  
When we are in need  
You will always see us through  
You are our, You are our  
You are our Joy You are our Joy When we are broken  
We find healing in You  
When we are in need  
You will always see us through  
You are our, You are our  
You are our Joy
