

# Boss (Ryan Hemsworth Remix)

Tinashe

I know that you miss me baby  
I can make you weak  
And if you dive in like ya did  
You'd never see the end of the sea  
I know that you like it daddy  
You're the boss of me I know that you  
Hate it when you see me with those other niggas easy  
Hate it when you see me shitting on your wanna-be me  
Hate it when you see me rollin' up in my new whip  
Wont you tell me babe now who's the boss of this?  
Thought that you'd forget about me Fuck you think I am?  
Fuck you think I am, I am, I am  
Fuck you think I am, I am, I am  
You gon' spend forever sitting  
Thinkin' 'bout me wishing you were still my man  
I know that you like it daddy  
When I ask you please I know that you  
Hate it when you see me with those other niggas easy  
Hate it when you see me shitting on your wanna-be me  
Hate it when you see me rollin' up in my new whip  
Wont you tell me babe now who's the boss of this?
