

Sketches of a Man (Intro)

Dwele

Ooooooooooh hey hey this goes out to...
You really do think that you can do anything that you wanna do
Your protecting us from crime but
Whos protecting us from you yea
24hr patrol around the block
Never stops the drugs from comin in comin in
Yea it kind makes me wonder sometimes just whos really deliverin
Always harassin me and askin me for my id but i aint done nothin so you aint seein nothin no
Packed me a bag of buddah but i aint the high school shootah
Im sure you got bigger fish to fry
Krooked kop leave me alone
Go find someone else to
Run your game on oh yea (thats my car)
Go and tell po watchin my spot
If you dont live here then you dont belong in my neighborhood no
Krooked kop leave me alone
Go find someone else to run your game on yea
Go and tell po watchin my spot
If you dont live here then you dont belong in my neighborhood
You dont belong in my neighborhood no no no
Oh royal lauder of
Fraternity brothers
Is really just a game oh yea
Youd like to hang around and beat brothers down
But you dont wanna change things oh no
It must be a prerec ya
Gotta be on a power trail
For you to even join the force
You gotta hate black of course
Wont be that way in the future
Cuz no ruler reigns forever
What will you do when
Its over watcha gonna do when the partys over yeeeah over yes
Go find someone to run your game on
Go find someone to fool around with
Go and tell po watchin my spot
If you dont live here
Then you dont belong in my neighborhood
