

Ahava

Ofra Haza

Day after day, night after night
Nothing in love is black or white
Deep down inside, trying to touch
Wanting to say, "I love you so much" Wish for a star, sparkling light
Don't run away, just hold me tight
Deep down inside, trying to touch
Wanting to say, "I love you so much" Ahava, tomorrow we will find
Ahava, a way into the light
Ahava, you and I
Ahava Yo vo cha yom, le cha ve li
Ya vo cha yom, koo lo she li
Bli mil ha ma, bli ema
Rak ahava, le ne sha ma Ahava, tomorrow we will find
Ahava, destiny is calling
Ahava, you and I
Ahava Don't run and hide, don't hold me tight
I'm going there to see the light
I wish to know the magic star
I wish to know the ? Ahava, tomorrow we will find
Ahava, a way into the light
Ahava, you and I
Ahava
