

# Last Night Of The World

[Bruce Cockburn](#)

Advisory - the following lyrics contain explicit language:

I'm sipping Flor De Caa\* and lime juice, it's three a.m.  
Blow a fruit fly off the rim of my glass  
The radio's playing Superchunk and the friends of Dean Martinez  
Midnight it was bike tires whacking the pot holes  
Milling humans' shivering energy glow  
Fusing the space between them with bar-throb bass and laughter  
If this were the last night of the world  
What would I do?  
What would I do that was different  
Unless it was champagne with you?  
I learned as a child not to trust in my body  
I've carried that burden through my life  
But there's a day when we all have to be pried loose  
If this were the last night of the world  
What would I do?  
What would I do that was different  
Unless it was champagne with you?  
I've seen the flame of hope among the hopeless  
And that was truly the biggest heartbreak of all  
That was the straw that broke me open  
If this were the last night of the world  
What would I do?  
What would I do that was different  
Unless it was champagne with you?
