

Vespers

From a Second Story Window

Kiss these sour lips
paint a smile on my face
translate all of these words, and thoughts to actions

BREATHE

LIFE

breathe life into my mouth

never leave me

NEVER LEAVE

never leave me

kissing your sweet lips was all i needed to live
reach in deep, grab my heart, never let go
my reflection has shown me, how you have changed my soul

TAKE MY HAND

i will always feel your touch

TAKE MY HAND

WAIT...

please hold me close

I WILL NOT SURVIVE

i wont survive...

KILL ALL YOUR HOPES

LEAVE ME TO REMAIN

cant you see in these eyes

how much YOU mean to me

STAY FOREVER WITH ME

stay forever

with me...
