Out There (David Moralee Remix)

DJ Encore

You must be out there
Every time Ive got an hour on my hands
I hope you feel me
Every now and then I understand the fact
That you believed meHow can I go on?
If you dont come along to set me off
I dont know nothing, no, noHow can I move on?
When I am half as strong without your strength
I dont know nothingOh, oh, 'cause youre not in my world to ease my worries
And you cant be the one I turn to
Whos gonna watch over me if not you
Will your memory live on inside me?Ever since you went away I wondered
Why the world kept turning
Every time I think of you, I feel the flame
That keeps on burningHow can I go on?
If you dont come along to set me off
I dont know nothingHow can I move on?
When I am half as strong without your strength
I dont know nothingOh, oh, though youre not in my world to ease my worries
And you cant be the one, I turn to
Youre gonna watch over me, I feel you
'Cause your memory lives on inside meYou must be out there
(Though youre not in my world to ease my worries)
You must be out there
(And you cant be the one I turn to)You must be out there
(Youre gonna watch over me I feel you)
You must be out there
('Cause your memory lives on inside me)
You must be out there
