One Good Reason

Sebastian Bach

I've been mistreated
Kicked down on the floor
I try so hard to get up
But I can't take it no more
'Cause you're livin' in a daydream
I exist in the now
And I got no time for lookin' back
At the jokers and the clowns, noYou turned your back on me
And I lost my faith in you
And now I just can't see
What we are gonna do
Give all I have to give to find myself away from this
There's no truth in words you say
So give me one good reason to stay
I'm sick of betrayal
Takin' all you can get
You treat my world like your trash can, baby
Like a ring around my neck
Never silent but deadly
Stick my head above the crowd
Take your aim
Take your best shot
You'll never stone me down, noAnd now I just can't see
What we are gonna doGive all I have to give to find myself away from this
There's no truth in words you say
So give me one good reason to stay
You turned your back on me
And I lost my faith in youGive all I have to give to find myself away from this
There's no truth in words you say
So give me one good reason to stayOne good reason to stay
One good reason to stay
One good reason to walk away
Stay
