Intro:

Exclusive sagas

Uh, yea, come on

We gonna do this one right here (I like this)

Lets just do it

See when I wanna do something I just do what I feel, ya know what Im saying?

I just do it straight from the heart, so we can do it and do it

Lets goVerse 1:

Nobody never understood be better

A true friend forever

Thats why Im writing you this love letter

Despite my ways through every phase

You brought me better days

Withstood the craze

From the beginning Windy hill the black Lennon

When I was saggin denim, and let you get up in em

Until I damage when I select it

Another ni\*\*a but we managed to stay connected

When you expected to see me naked

I couldnt let it five years and your still respected

Now check it, give me a second to unwind

Youll find all the pain and misery that nearly blew my mind

Cant no fame and shivery compare to losing time

Ill explain my history aboard the cools at nine

Dont be late, cuz I would hate to cross the seven seas

In the windy breeze, without your fantasies

Lets Do ItChorus:

Lets just do it, do it, do it, do it, do it, aww yea

Lets just do it, do it, do it, do it, do it, (Lets Just Do It)

Lets just do it, do it, do it, do it, do it, aww yea

Lets just do it, do it, do it, do it, do it, (Lets Just Do It)Verse 2:

E-E-L-L-I-O-T-T, they call me Missy E, Im C-U-T-E

You like the way I do it, I put my foot into it

Tell them haters that mad they cant do it like I do it

They used to call me fat, they used to say Im ugly

But now im making records, groupies screaming that they love me

I got them dolla bills, I make a lot of cheese

Bet your bi\*\*h cant do it like me

And when you see me in the club Im lookin fresh

And when you see me on the street Im lookin fresh  
And when you see me on the town Im lookin fresh  
I got my hair and my nails done and Im so fresh  
Baby, whatever you want to do, its just so its up to you  
Lets do what you want to do, Lets goChorus:  
Lets just do it, do it, do it, do it, do it, aww yea  
Lets just do it, do it, do it, do it, do it, (Lets Just Do It)  
Lets just do it, do it, do it, do it, do it, aww yea  
Lets just do it, do it, do it, do it, do it, (Lets Just Do It)Check it, anything that your heart desires  
Lets Just Do It  
And if you think its gonna take you higher  
Lets Just Do It  
Anything that your mind can see  
Lets Just Do It  
And do it, and do it, and do it, and do it, and do itChorus:
