

My Friend Has a Swimming Pool

Mausi

When the sun starts sinking
We've already been drinking
When we bounce, leave the house
Down the bottle we're sippin'
Wear our shades out at night
But we can't really see nothing
And we, we make such a show
We want you to know
Tonight we stay out again
We arrive, this is happening
We dance, shut your eyes and then
We got to break this down
Tonight we stay out again
We arrive, this is happening
We dance, shut your eyes and then
We got to break this down
My friend has a swimming pool
Getting tipsy in the swimming pool
My friend has a swimming pool
Live up the night, and dance 'til it's light
Just let it go tonight
Just let it go tonight
Live up the night, and dance 'til it's light
Just let it go tonight
Just let it go tonight
We roll in just as the party starts bumpin'
Feel the night, mood is right
To get these people all jumpin'
We undress, wearing less
Got the swimming pool calling
And we, we much such a show
We want you to know
Tonight we stay out again
We arrive, this is happening
We dance, shut your eyes and then
We got to break this down
Tonight we stay out again
We arrive, this is happening
We dance, shut your eyes and then
We got to break this down
Getting tipsy in the swimming pool
Live up the night, and dance 'til it's light
Just let it go tonight
Just let it go tonight
Live up the night, and dance 'til it's light
Just let it go tonight

Just let it go tonightSwim all through the night
And I move like I love it and I'm feeling alright
Swim all through the night
And I move like I love it and I'm feeling alrightAnd we move through the strobe lights
And I need you to follow this sound
And we move through the strobe lights
And I need you to follow this sound
And we move through the strobe lights
And I need you to follow this sound
I need you to follow this soundMy friend has a swimming poolLive up the night, and dance 'til it's light
Just let it go tonight
Just let it go tonight
Live up the night, and dance 'til it's light
Just let it go tonight
Just let it go tonightSwim all through the night
And I move like I love it and I'm feeling alright
Swim all through the night
And I move like I love it and I'm feeling alrightSkinny-dipping in the swimming poolMy friend has a
swimming pool
