Whenever You Need Somebody

Rick Astley

I'll bring my love to you I'll bring my love to youI've been stood up, messed around and taken for a fool But next time 'round, I'm gonna change the rules And I don't care about the things that people say It's you I think about each and every dayIt's much too late for you to change your ways I can't keep holding on, expecting you to stay When you're all alone and if you're feeling down Call me, I'll be aroundWhenever you need somebody I'll bring my love to you You don't have to say you love me I just wanna be with youLost inside your love, is where I wanna be I'm just asking you to spend some time with me Time and time you say, you wanna be free And you can have some fun, that's okay with meYou will never know just how good I feel The joy inside of me makes me feel so real When you're all alone and if you're feeling down Call me, I'll be aroundWhenever you need somebody I'll bring my love to you You don't have to say you love me I just wanna be with youWhenever you need somebody I'll bring my love to you You don't have to say you love me I just wanna be with youI'll bring my love to you I just wanna be with you I'll bring my love to you I just wanna be with youIt's much too late for you to change your ways I can't keep holding on, expecting you to stay When you're all alone and if you're feeling down Call me, I'll be aroundWhenever you need somebody I'll bring my love to you You don't have to say you love me I just wanna be with youWhenever you need somebody I'll bring my love to you You don't have to say you love me I just wanna be with youWhenever you need somebody I'll bring my love to you You don't have to say you love me I just wanna be with you
