Cry In the Wind

Clan of Xymox

Are these your words with laughter?
Is this your voice begging to be spared?
Oh, you seemed so unassailable
You seemed so far away, hey heyIs this a voice begging to be spared
Is this your voice?Please, don't speak to me for a whileAre these your words with laughter?
Is this your voice begging to be spared?
Oh, you seemed so unassailable
You seemed so far away, hey heyAre these your words with laughter
Is this your voice?Catch my thoughts on the run you kissed my hand
Like a friend in the heat of a fight while those enemies scream
In the heat of a fight I walked into my dream
Oh fall, oh fall into your callI jump, I jump, I jump
Out of time, out of the fight
Jump jump out of timeI cry in the wind
I cry in the wind
I cry in the wind
I cry in the windI cry in the wind
I cry in the wind
I cry, cry
I cry in the wind
