

# R.L.F.

## Michael Monroe

Hey, tonight I'm gonna set my brain on fire  
Get overloaded in overdrive  
Gonna stay up for a week, go party down  
Gotta get a hit or I'll hit the groundI'm wrinkle free metaphysically  
Supersonic shit got a hold on me  
whatcha gonna get ain't whatcha get to see  
I'm never letting anything get to me  
Gonna rock like fuck! rock like fuck!  
Gonna fuck shit up and rock like fuck!  
Gonna rock like fuck! rock like fuck!  
fuck shit up and rock like fuck!  
Gotta have a lotta nerve, straighten out the curves  
You wanna fake it till you make it then you gotta rehearse  
One of these days will be none of these days  
Right here, right now it's the only wayWe're Gonna rock like fuck! rock like fuck!  
Gonna fuck shit up and rock like fuck!  
Gonna rock like fuck! Yeah, rock like fuck!  
fuck shit up and rock like fuck!I got long term goals and short term needs  
Gonna keep on bitin' on the hand that feeds  
This is then and that was now  
We survived it all somehow  
And we still rock like fuck! rock like fuck!  
Fuck shit up and rock like fuck!  
rock like fuck! rock like fuck!  
fuck shit up and rock like fuck!
