# Beat 'em Down

## Jiza

When I'm falling down
How in hell could I know, break me
When I'm on my knees
How in hell could I know, break me downI wanna beat them down, I wanna beat them down
I wanna beat them but I fall for everyone
I wanna beat them down, I wanna beat them downI wanna beat them but I fall for everyone
Like to sort of beat them down down yeah yeah
Down, down, down down and outWhen I'm passing out
How in hell could I know, break me
When I'm on my back
How in hell could I know, break me down
