

# Beat 'em Down

Jiza

When I'm falling down  
How in hell could I know, break me  
When I'm on my knees  
How in hell could I know, break me down I wanna beat them down, I wanna beat them down  
I wanna beat them but I fall for everyone  
I wanna beat them down, I wanna beat them down I wanna beat them but I fall for everyone  
Like to sort of beat them down down yeah yeah  
Down, down, down down and out When I'm passing out  
How in hell could I know, break me  
When I'm on my back  
How in hell could I know, break me down
