After All Is Said And Done

Jon Secada

Can you forgive me?
Just take me back
I promise to be a man of honor
Is there still a chance that we can find tomorrow
Forget the sorrow, Mayna, live for today
'Cause yesterday's come and gone
Now I know better
I hope you can stand a little stormy weather
After all is said and done
Through all the heartache, through all the fun
You are the only one I'll ever love
And I'll work hard to make you see
There's still a chance, girl, if you believe
You are the only one I'll ever love
Don't walk away, baby, please
I'm begging you
I'm down on my knees
I know I hurt you but I know you know
I never will desert you baby
Different strokes for different folks
Your love to me means the most

Yes, I'm your man
Love you the best I can
Again and again and again
And again and again and again
After all is said and done
Through all the heartache, through all the fun
You are the only one I'll ever love
And I'll work hard to make you see
There's still a chance, girl, if you believe
You are the only one I'll ever love
After all is said and done
After all is said and done
After all is said and done
After all is said and done
You are the only one I'll ever love
Through all the heartache, through all the fun
You are the only one I'll ever love

And I'll work hard to make you see
There's still a chance, girl, if you believe
You are the only one I'll ever love, love
