To Be Loved

Ronan Keating

The song of a little bird
The joy in three little words
I know it's real, this is how it feels
To be loved by youThe stars from a midnight sky
The melody from a lullaby
There's nothing real that I wouldn't steal
To be loved by you, to be loved by youIf everybody knows
It's only 'cause it showsA smile to put you on a high
A kiss that sets your soul alight
Would it be alright if I spent tonight
Being loved by you, being loved by youIf everybody knows
It's only 'cause it showsSo carry on, carry me
Away from here
All my days till the
Twilight of my lifeAnd I know what it is I need
It's clear as a shallow stream
It's as it seems, my only dreams
To be loved by you
