

Year 3000

Jonas Brothers

One day when I came home at lunchtime
I heard a funny noise
Went out to the back yard to find out
If it was one of those rowdy boys
Stood there with my neighbor called Peter
And a flux capacitorHe told me, he built a time machine
Like one in a film I've seen
Yeah, he saidI've been to the year 3000
Not much has changed but they lived under water
And your great, great, great granddaughter
Is doing fine, doing fineHe took me to the future in the flux thing
And I saw everything
Boy bands and another one, and another one
And another one
And girls there with round hair like star wars
And float above the floorWe drove around in a time machine
Like one in a film I've seen
Yeah, he saidI've been to the year 3000
Not much has changed but they lived under water
And your great, great, great granddaughter
Is doing fine, doing fineI took a trip to the year 3000
This song had gone multi platinum
Everybody bought our seventh album
It had outsold Kelly ClarksonI took a trip to the year 3000
This song had gone multi platinum
Everybody bought our seventh albumHe told me he built a time machine
Like one in a film I've seen
YeahBeen to the year 3000
Not much has changed but they lived under water
And your great, great, great granddaughter
Is doing fine, doing fineHe said, I've been to the year 3000
Not much has changed but they lived under water
And your great, great, great granddaughter
Is doing fine, doing fine, doing fineHe said, I've been to the year 3000
Not much has changed but they lived under water
And your great, great, great granddaughter
Is doing fine, doing fineHe said, I've been to the year 3000
Not much has changed but they lived under water
And your great, great, great granddaughter

Is doing fine, doing fine
