I Decided (Moto Blanco Edit)

Solange

Ooh
Can't hear myself (no no)
Can you please turn me up a little bit moreI was a little different
I didn't do what the fast girls do
You studied my rhythm
Now you can speed me up when you want to oohThey were to cool to run my race
You kept the pace with a smile on ya face
Go head baby (go head baby)
Then I knew he was you (then I knew it was you!)But first you took me around
Introduced me to your family and friends
And told them how that once we met that
We would never lose
Oh boyI decided that you are the him for me (I decided)
Oh boy
'Cause I decided that you are the him for me (yes you are)
Oh my boyHow's it feel to win it
When ain't no mountains that you can't move
Your mind is like a prism
For god's light to shine throw oohThey were to cool to run my race (yeah!!!)
You kept the pace with a smile on ya face
Go head baby (go head baby!!!)
Then I knew he was you (then I knew it was you)But first you took me around
Introduced me to your family and friends
And told them how that once we met that
We would never lose (never lose never lose)
Oh boyI decided that you are the him for me
Oh boy
'Cause I decided that you are the him for me
Oh boy
I decided that you are the him for me (you are the one for me baby)
Oh my boy (whoa boy)You were running me running me down (down)
Telling me telling me wait
Running me down and telling me you were never gonna let go
Is the way you got me
Ooh! The way you got me when you got me baby
Ooh now you got me babyYou were running me running me down (running)
Telling me telling me wait (telling me telling me wait)
Running me down and telling you were never gonna let go
Is the way you got meBaby, baby, baby, baby, baby

Don't break my heart (whoa)
Let me take it from you (let me take it from you)
Cause were one and the closer I get
To you the more fearful I become
That would break me in two HoneyHahaha!'Cause I decided that you are the him for me
Oh my boy (yes I)
You were running me running me down (running me running me down!)
Telling me telling me wait
Running me down and telling me you were never gonna let go (yeah yeah yeah)
Is the way you got me
That's the way you got me baby
That's the way you got me baby
