

Insane

Mercyful Fate

I see little demons, are they in my head?
I see little demons, fighting in my bed
Why did I go insane? Oh, doctor kill the painScreams in the night, I hear another one died
Was it number 9, or was it me who cried?
Why did I go insane? Oh, doctor kill the painWhen I look in the mirror, my mind goes blank
My brain is burning up, insanity
When I look in the mirror, my mind is dead
Is it me on the other side?I saw the look on your face, the night they took me away
Not a tear, not a trace, just stood there waving goodbye
Dead roses in my room, a love that died too soonWhen I look in the mirror, my mind goes blank
My brain is burning up, insanity
When I look in the mirror, my mind is deadSanity turned insane, I hang myself in a picture frame
I'm so tired, let me sleep, I'm counting demons
Why did I go insane? Oh, doctor kill the painOh, doctor kill the pain, oh, doctor kill the pain
