Breathe

Mimes On Rollercoasters

Driving impossible dreams in an everyday world
I drink only the finest of wine and have the most beautiful girl
Wearing the finest that money can buy my kids are all Ivy League
Iâ€™m drowning in debt, Iâ€™m barely alive, I carefully plan what you see

Theyâ€™re telling me to breathe, just breathe in the air
Well Iâ€™m trying to breathe, can you hear me out there?
All I got to do is breathe, just breathe in the air
Iâ€™m fighting to breathe; Iâ€™m suffocating in here!

I canâ€™t drive just any old ride, only the fastest will do
My boat and my bike are in storage now, I just needed the room
Hiding the truth, living the lie, itâ€™s my American dream
The payments are high, the credit is lean, Iâ€™m coming apart at the seams.

Theyâ€™re telling me to breathe, just breathe in the air
Well Iâ€™m trying to breathe, can you hear me out there?
All I got to do is breathe, just breathe in the air
Iâ€™m fighting to breathe; Iâ€™m suffocating in here!

Theyâ€™re telling me to breathe, just breathe in the air
Well Iâ€™m trying to breathe, can you hear me out there?
All I got to do is breathe, just breathe in the air
Iâ€™m fighting to breathe; Iâ€™m suffocating in here!
