Lady

Chromatics

I was always looking for lady
But baby you're so far away
If I could only call you my lady
Baby I could be your man
Wise men they say
Only fools fall in love
Why do we fall in love
Baby I just want you to come back
And give us all something to do
Give us all something to do
If you could only feel the flame
From the candle I burn for you
Lady if you want me to come back
I'll come running back to you
But baby if you ask me to come back
You've got to give me something to do
