

One Night With You

C Note

I don't wanna put no chains on you
I just wanna be here loving you
'Cause you touch me in the place
That puts a smile right on my face But I don't wanna be holding you
Baby only for an hour or two
I want you with me
In these arms for all eternity I don't mean to put you under pressure
I just wanna spend some time together
And baby if it's just for one night Give me just one night with you
Every day of your life
One kiss every morning
After a hundred kisses each night Give me just one night with you
Everyday for all time
It would be so right
Every day to have just one night with you
Oh yeah, every day baby Love the things you say, the way you move
I'd love to stay here making love with you
'Cause you're just so good to hold
And you've wrapped your arms around my soul So come on and take this heart of mine
You can have it till the end of time
I want you to be part of every single part of me I don't mean to put you under pressure
I just wanna have your love forever
So baby if it's just for one night, one night Give me just one night with you
Every day of your life
One kiss every morning
After a hundred kisses each night Give me just one night with you
Everyday for all time
It would be so right
Every day to have just one night with you Baby, give me your kisses for a lifetime
Baby, show me your smiling face each day girl
Baby, hold me in your heart forever
'Cause I need you by my side and I won't be satisfied, no Till you give me just one night with you
Everyday of your life
One kiss every morning
After a hundred kisses each night Give me just one night with you
Everyday for all time
It would be so right
Every day to have just one night with you I just wanna love you
Every day of your life

One kiss every morning
After a hundred kisses each night Give me just one night with you
Everyday for all time
It would be so right
Every day to have just one night with you One night, one night, one night
One night, baby with you
