

# What I Do

Cimorelli

Ooooh

Ooooh Maybe I am just a little too much sometimes (sometimes), sometimes (sometimes)  
Mess up my hair, yeah, I really don't care, that's right (that's right), that's right (that's right) I know you may not  
understand what I do, what I do

You wonder and you ask me why This is what I do Whooooaaa

Yeeaaaah

Ooooh

This is just me, this is what I

Doooo, doooo

This is what I do I change my mind just a little too much sometimes (sometimes), sometimes (sometimes)  
No matter what, I know just who I am, that's right (that's right), that's right (that's right) I know you may not  
understand what I do, what I do

You wonder and you ask me why This is what I do Whooooaaa

Yeeaaaah

Ooooh

This is just me, this is what I

Doooo, doooo

This is what I do

Doooo

This is what I do

This is what I do

This is what I do You gotta make your mark

Show everybody who you are

Stand out, be different

When they ask you say, this is what I This is what I do Whooooaaa

Yeeaaaah

Ooooh

This is just me, this is what I do

Whooooaaa

Yeeaaaah

Ooooh

This is just me, this is what I do
