

Nothing's Gonna Stop Us Now

Gareth Gates

Maybe I've been too superstitious
Afraid of being too naive
Never been enough for taking chances
But there's another side of me
Love is a winding road
We can make it through together
And we'll never give up[Chorus:]
I've made up my mind this time
I'm gonna break through all these chains
I'm willing to risk it all
To take a fall
There's nothing's gonna stop us now
I'll be there through good and bad
Through every step along the way
And no one can break the spell
Oh I can tell
Nothing's gonna stop us now
Stop us now People say I've been acting crazy
Every now and then
But they don't understand this feeling
You've opened up so deep inside
Love is a winding road
And we'll make it last forever
And we'll never give up[Chorus:] Nothing's gonna stop us now
Stop us now Maybe I've been too superstitious, hm
Love is a winding road
But I thought ???[Chorus:] A million to escape you, baby
Nothing's gonna stop us now
Stop us now
