The Grey Wizard

Battlelore

The Grey Wizard, Mala Olorin
Who has born in Timeless Halls
From the first race of Iluvatar
Spirit older than the world itselfHumble servant of valar
Lived in gardens of Lorien
Higher being turned to flesh and blood
One of the Five Wizards
Came to help the people of Arda
To raise light over Sauron's mightMithrandir, one of the august
The Grey Wizard beyond the sea
Chosen to carry his knowledge
For the mortal world so weak
Great shape of the spirit eternal
Fought thousands of years for peace
His way to defeat the darkness
His work, written in historyGandalf the old wizard
Pilgrim from Undying Lands
Great were his journeys in Arda
Journeys against all evil
Death of Smaug the Dragon
Fellowship of the Ring
Slayer of Moria's demon
True gift from the halls of godsAfter the duel in dwarven caves
The Grey Wizard rose again
In a colours of radiant white
Now it's his time to ride
To the final fields of glory
