Energy

Ashes of Soma

I might have been a bit too honest
I mighta been a little certain byThe way you went all wrongAm I the one who wants this?Am I'm the one let down?I'm burning in your thoughtsYour energy is mineI'm terrified of seeing, how I look inside your mindAnd all those times aloneAnd all those times we sharedWalking away from me was all you were thinkingI've consciously been hatingI've consciously been hating all the things that turn you onAm I'm the one who's wrong here?
Am I'm the one let down?I'm burning in your thoughtsYour energy is mineI'm terrified of seeing, how I look inside your mindAnd all those times aloneAnd all these times we sharedWalking away from me, was all you were thinking
It's all you were thinking, yehIt's all you were thinking, yeeeehhhhhhhheverytime you fall, I'll be there to help you up
Everytime I promised you I'm never giving upAll those times alone
And all those times we sharedI'm walking away...walking away....I'm burning in your thoughtsAll your energy is mineI'm terrified of seeing, how I look inside your mindAnd all those times aloneAnd all these times we sharedWalking away from me, was all you were thinkingit's all you were thinking, yeh
it's all you were thinking yeeeeehhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhh
