

# Moon In Water

## Underworld

The phenomenon of moon in the water  
Is likened to human experience  
The water is the subject and the moon the object  
When there is no water, there is no moon in the water  
And likewise there is no moonBut when the moon rises  
The water does not wait to receive its image  
And when the tiniest drop of water is poured out  
The moon does not wait to cast its reflectionDoes not wait to cast its reflection  
Does not wait to cast its reflection  
Does not wait to cast its reflection  
Does not wait to cast its reflectionDoes not wait to cast its reflection  
Does not wait to cast its reflection  
Does not wait to cast its reflection  
Does not wait to cast its reflection  
Does not wait to cast its reflectionDoes not wait to cast its reflection  
Does not wait to cast its reflection  
Does not wait to cast its reflection  
Does not wait to cast its reflectionPast is already past  
The future's not yet here  
Things are constantly changing  
Things are constantly changingThe event is caused as much by the water as by the moon  
And as the water manifests the brightness of the moon  
The moon manifests the clarity of the water
