

Romanticide (Live at Wacken 2013)

Nightwish

God love and rest my soul
With this sundown never ending
The feel is gone yet you ain't gonna see me fail I am the decadence of your world
I am an eider covered in oil
Happy hunting, you double faced carnivore Tell me why no heart to cry
Hang me high The music is dead, the amen is said
The kiss of faith is what I beg
A loving heart and soul for sale Tell me why no heart to cry
Hang me high Leave me be and cease to tell me
How to feel to grieve, to shield myself from evil
Leave me be, OD of lies is killing
Me, romanticide 'til love do me part See me ruined by my own creations Leave me be and cease to tell me
How to feel, to grieve, to shield myself from evil
Leave me be, OD of lies is killing
Me, romanticide 'til love do me part Dead boy's alive but without sense
I need a near-death experience
Heart once bold now turned to stone
Perfection, my messenger from hell Wine turns to water
Campfires freeze, love letters burn
Romance is lost
Lord, let me be wrong in this pain Temporary pain, eternal shame
To take part in this devil's chess game
Spit on me, let go, get rid of me
And try to survive your stupidity
