Tell Me What You Want Me to Do

Lowell

Tell me what you want me to say to you
You used to tell me that I'd read you like we were on a page
How can I come into it? Things just don't work that wayTell me what you want me to do to you
Tell me what you want me to do
Tell me what you want me to say to you
Tell me what you want me to sayI could still love everything just watching you sleeping
We are just like a team when we're acting like a team
Tell me this isn't how you're officially feeling
Tell me that you love me even though it's not what you meanIf you could read my mind I'd tell you everything I know
If you could read my mind I'd bet you'd make your way on home
Tell me what you want me to say to you
Tell me what you want me to say to you
Tell me what you want me to say to you
Tell me what you want me to say
