

# Here I Am

[Anthony Evans](#)

I never imagined  
I'd feel This way  
Hopelessly lost  
alone in my pain  
I've tried to get by on my own  
Now i know I I was wrong  
I Was Wrong Here I Am  
Please Take This heart  
Lord I Need All That you are  
Capture me now  
Let your mercy rain down  
I'm waiting for just  
one touch of your hand  
Here i am Can you mend what I've broken  
Give back what i Lost  
Heal and Restore  
the wounds and these scars  
Lord i am honestly desperately  
Trusting in you, Im trusting in you Chorus OH, Bring me back again  
Lord i need you love  
There's nowhere else turn  
I've got nowhere else to run Chorus x2 here I Am  
Here i Am
