

Blue Spanish Sky

Chris Isaak

It's a big blue spanish sky,
Lay on my back and watch clouds roll by.
I've got the time to wonder why,
She left me.
It's a slow sad spanish song,
I knew the words but I sang them wrong.
The one I love has left and gone,
Without me.
Now she's gone, our world has changed.
Watchin a blue sky, thinkin of rain.
It's a slow sad spanish song,
I knew the words but I sang them wrong.
The one that I love has left and gone,
Without me.
It's a big blue spanish sky,
I lay on my back and watch clouds roll by.
I only wish I could make you cry,
Like I do.
Like I do.
Like I do.
