

Slide Along Side

Shifty

One love one shot
It's all we ever got
Girl you got me started
Now I'm not gonna stop
Now slide along side yeah baby that's right
I'm gonna show you the time of your life
Oh girly girly come and dance with me
Move that naughty body come close to me
Now slide along side yeah baby that's right
I'm gonna show you the time of your life This is it love
It's what dreams are made of
But its still up to us to feel the rush
To pursue all the things only Gods can touch
I wanna meet the odds with royal flush
To fall
I gave my all
But it wasn't enough
I'm never giving up I found life
So I've gotta live it up
And life is too short for war
What can I say to show theres more
With people slammin doors in my face and what for
That aint the way to gain plays
By making the same mistake day after day
I gotta slide man get away the smile on my face its a sunny day girls and drinks and more drinks
Come to think
For such a big place its a small world
For such a rat race i still got faith
And anything goes still I got to say life has its ups and downs but I love it anyway One love one shot
It's all we ever got
Girl you got me started
Now I'm not gonna stop
Now slide along side yeah baby that's right
I'm gonna show you the time of your life
Oh girly girly come and dance with me
Move that naughty body come close to me
Now slide along side yeah baby that's right
I'm gonna show you the time of your life Hey pretty girl pretty girl its on
We gonna dance like boogie come on

Do it all night long
 Let it go ain't no holding back now
 Gotta slide pretty baby that's right
 There's nothing I can't do with you by my side
 There's nowhere we can go that we wouldn't show 'em up
 I gotta have a type for destruction
 Livin life that's right
 She's daddy's little angel but she wasn't last night
 Now these are the breaks yeah baby that's right
 Now I got you, yeah I got you baby
 I want your body and you drive me crazy
 It's hard to resist such a sexy lady
 Come with me you'll have the time of your life
 You want to set the mood I guess the timing is right
 And it takes two to make a thing go right
 But what's it gonna take to take you home tonight One love one shot
