Someday

[Sugar Ray](#)

Someday
When my life has passed me by
I lay around and wonder why
You were always there for meOne way
In the eyes of a passerby
I look around for another try
And fade awayJust close your eyes and I'll take you there
This place is warm without a care
We'll take a swim in the deep blue sea
I go to leave but you reach for meSome say
Better things will come our way
No matter what they try to say
You were always there for meSomeway
When the sun begins to shine
I hear a song from another time
And fade away
And fade awayJust close your eyes and I'll take you there
This place is warm without a care
We'll take a swim in the deep blue sea
I go to leave but you reach for meSomeone said you tried too long
Someone said we got it all
Someone said we tried too long
Is there a place where I belong?So far and so long
So far away
So far and so wrong
So far away, away, awaySome day
When my life has passed me by
I lay around and wonder why
You were always there for meOne way
In the eyes of a passerby
I look around for another try
And fade awayAnd fade away
And fade away
And fade away
