

So Many People In The Neighborhood

Ween

So many people in the neighborhood
So many people in the neighborhood
So many people in the neighborhood
I don't know if they're very good people So many people in the neighborhood
So many people in the neighborhood
So many people in the neighborhood
I don't know if they're very good people So many people in the neighborhood
So many people in the neighborhood So many people in the neighborhood
So many people in the neighborhood
So many people in the neighborhood
(In the neighborhood)
In the neighborhood, in the neighborhood
In the neighborhood
(Something hard to hear) How's about a piece of pie?
(Ding dong, ding dong)
Socks and lox and cocks and rocks
Stay inside, stay inside
