# Story Of My Life

## Automatic Loveletter

I remember when I was just fifteen
I moved to L.A. with my rock and roll big dreams
They said, "Good luck, it's tougher than it seems
So step up or go home"I didn't know that I would sometimes be hungry
I didn't know that I would miss my bed when I sleep
I told my mom and my dad that I was happy
But I never felt so lonelyEight years
I'm a warrior and I'm still here
Fighting for the glory
You don't know the half of itStory of my life
Poison the hero, back down to zero
No consequence at allAnd it only lights my fire
What doesn't kill me just makes me stronger
I'd rather live free to fail
And that's the story of my lifeWaking up I have a headache and I'm running late
My car won't start and my tags aren't up to date
I can't decide if it's my destiny or just fate
When will I get my break?Living in a wonderland
Playing chutes and ladders
Back to the beginning
You don't know the half of itStory of my life
Poison the hero, back down to zero
No consequence at allAnd it only lights my fire
What doesn't kill me just makes me stronger
I'd rather live free to fail
And that's the story of my lifeThis is it, in this moment
I'm standing on top of the stars
This is it, and I know it
It's my turn to shine out the dark'Cause I'm letting you know, I'm letting it go
As far and as high to the depths of my soul
This is it, in this moment
I'm ready to show the whole worldI've waited all my life
Poison the hero, back down to zero
No consequence at allStory of my life
Poison the hero, back down to zero
No consequence at allAnd it only lights my fire
What doesn't kill me just makes me stronger
I'd rather live free to fail
And that's the story of my life
