

You Got It (Keep It Outta My Face) [Remastered]

Mudhoney

They say you got it
I'll say you got it
You got it
You got it good
You got it
You can keep it
That's right
I don't want it You give it away like free samples
But I don't want what anyone can have
You got it
Yeah, you got it
So what? Keep it outta my face
Keep it outta my face
Keep it outta my face
Keep it outta my face Just 'cause you got it
You think everyone wants you
You got it
You think that's enough
You got it
That's right you got it
You're fucked
Keep it outta my face
Keep it outta my face
Keep it outta my face
Keep it outta my face
