Stranded

Rainbow

Dog night I'm so alone
A million miles out on my own
No one to talk to, no one to care
Searching for someone they could be anywhereMagic and madness it's so very strange
Sometimes I think it's all pre-arranged
That same old feeling hits me again
Just the beginning but its feels like the endOh, feel like I'm stranded out here
Oh, I think I might disappear
No, don't leave me stranded out here
Oh, it's just the loneliness I fearLonely window fading star
You never felt so near yet so far
Tried to forget you the best that I could
Don't try to find me it won't do any goodI'm caught in a dream so hard to locate
I'm just a captive of my own fate
No turning back, no, not tonight
You're moving on way out of sightOh, feel like I'm stranded out here
Oh, I think I might disappear
No, don't leave me stranded out here
Oh, it's just the loneliness I fearStranded
Stranded
Stranded
StrandedStranded
Stranded
Stranded
StrandedI feel like I'm stranded
Been so long
Feel like I'm stranded [Incomprehensible]Oh, feel like I'm stranded out here
Oh, I think I might disappear
No, don't leave me stranded out here
Oh, it's just the loneliness I fearStranded
Stranded
Stranded
StrandedStranded
Stranded
Stranded
StrandedStranded
Stranded
Stranded
Stranded
